**FOR IMMEDIATE RELEASE**

### **HART CROWSER OPENS SPOKANE OFFICE**

(August 18, 2016) Hart Crowser has opened an office in Spokane to better serve its eastern Washington and inland empire clients. The address is 505 W. Riverside Avenue, Suite 205, Spokane, WA 99201. The phone number is (509) 768-5861.

John Haney, Senior Associate Environmental Engineer, will manage the new office. Haney joins Hart Crowser with sixteen years of experience that includes managing environmental investigation and cleanup of contaminated residential, commercial, and industrial properties. Haney has been involved in many regional and local projects including the Spokane Convention Center expansion, developing the City of Spokane's Water Use Efficiency Assessment program, the planned University District pedestrian bridge, and the Pend Oreille Mine. Haney also has completed various projects for Avista, BNSF, Red Lion Hotels, and the Washington State Departments of Ecology and Transportation. Haney is active in Greater Spokane Incorporated; The American Exploration & Mining Association; Society for Mining, Metallurgy, and Exploration; and the Air and Waste Management Association.

Hart Crowser is an employee-owned, 110-person engineering, science, and consulting firm headquartered in Seattle, with offices in Washington, Oregon, Hawai'i, and Alaska. The firm specializes in geotechnical and environmental engineering, natural resources, environmental remediation, stormwater services, and disaster resilience.
